WHO WE ARE

College Mazenod before 2021's earthquake

Mazenod's Collège of Camp-Perrin founded in 1969 is a high-school of excellence run by the Missionary Oblates of Mary Immaculate.

It is one of the few educational institutions in the country established in the countryside, located two kilometers (km) from the village of Camp-Perrin in the southern part of the island, on a magnificent 3,500 square meter (m²) site in an environment that favors the education of adolescents, mostly sons and daughters of the town residents.

The school is ranked among the best in Haiti.

The Mazenod College offers a solid, comprehensive and integrated education to all students.

Its high educational standing is nationally recognized by the high level of student achievement in government exams and by their professional success in civil society.

STATISTICS

According to UNICEF, after the earthquake of 2021 more than 230,000 children are now at risk of dropping out of school in the southern departments of Haiti.

BEFORE EARTHQUAKE

873 students attended Mazenod College, along with 47 teachers and several members of the administrative staff. The school had 12 classrooms, a computer room, an auditorium, sanitary and administrative blocks, a teachers' room and several sports fields.

AFTER EARTHQUAKE

An immediate rebuilding plan was set up to provide as quickly as possible, 14 anti-seismic shelters that could then be converted into permanent classrooms to accommodate as many as 900 students.

Under the leadership of Fondation Odette Roy Fombrun pour l'Education (FORF), The Frager Institution of Les Cayes and the active participation of Father Augustin Sincère, a fundraising campaign was launched for Phase I of the project. With the support of several Haitian and foreign institutions, banks, foundations and private sponsors :

\$ 170,791.90 were collected and Phase I of the plan was completed.
